## 2020 THE YEAR OF THE NURSE AND NURSE MIDWIFE

The National League for Nursing (NLN) is joining the World Health Organization to celebrate nursing and the 200<sup>th</sup> birthday of Florence Nightingale with a special focus on the role of nurse educators. During the “Year of the Nurse and the Nurse Midwife” campaign, the NLN wants to recognize and celebrate the contribution that nurse educators make to the future generation of nurses and to encourage nursing education as a career choice. The NLN is asking nurse educators to take a pledge and celebrate. Please visit <http://yearofthenurse.nln.org/> for information on how you can help the world recognize and honor nurses at all levels of the profession and especially the role of nurse educator. While on the site, please review the NLN Public Service Announcement (PSA) highlighting the important role of nurse educators to improve public health.

— Florence Nightingale —

For us who Nurse, our Nursing is a thing, which, unless in it we are making progress every year, every month, every week, take my word for it we are going back. The more experience we gain, the more progress we can make.
